Experience

Stukent — Senior Product Designer — Jan'25 - Actual

Figma | Design System | Linear | Design Thinking | Notion | Miro

Focused on creating and optimizing Design Systems in Figma at Stukent, improving accessibility, scalability, and visual consistency across products, while ensuring every design decision aligns with business goals and user needs.

Milwaukee Tools — Senior Product Designer — Jan'24 - Dec'24

Figma | Design Thinking | Confluence | Baymard | Miro | User Testing

Built and refined comprehensive and scalable Design System foundations for Milwaukee Tool, enhancing interface consistency, accessibility, and workflow efficiency across all product teams.

Baptist Health — Senior Product Designer — Jan'23 - Dec'23

Figma | Maze | Adobe UX | Jira | Webflow | Adobe Creative Cloud

I lead a creative team that provides UX services to healthcare clients in Florida creating and optimizing their Design Systems using Figma and managing business requirements.

Dell Technologies — Product Designer — Jan'21 - Dec'22

Adobe XD | Sketch | Abstract | Zeplin | Jira

I was part of the Powerstore team, and our main focus was improving the UX of all onboarding and configuration processes for their enterprise systems.

Kaiser Permanente — Product Designer — Jul'19 - Dec'20

Adobe XD | Sketch | Illustrator | Photoshop | Jira

Contributing to the advancement of the Design System by collaborating with cross-functional teams to create scalable, accessible, and user-focused components that enhance consistency and quality across digital healthcare experiences.

MMM Holdings — Product Designer — Jan'18 - Jun'19

Adobe XD | Material Design | Agile | Design Thinking

Design Consultant in charge of redesigning the mobile and web platform of the Healtcare company MMM Holding to open market in Florida.
